All State/UT Drugs Controller

Subject:- Clarification w.r.t. the new drug status of FDCs (Fixed Dose Combinations) which were scrutinized w.r.t. letter dated 15.1.2013 issued by this office and declared as rational-regarding.

Sir,

This is with reference to subject letter and other communications issued by this Directorate in this regard, whereby all the stakeholders have been informed about the procedure for obtaining manufacturing permission of FDCs directly from the State Licensing Authorities (SLAs) without seeking prior approval from DCGI in case of the FDCs declared as rational.

It has been represented to this Directorate that applicants are required to ascertain first the new drug status each of such FDCs considering four years period from its first approval for proper implementation of the process for obtaining manufacturing license from the State Licensing Authorities (SLAs).

It is pertinent to mention here that as per the Drugs Rules including New Drugs and Clinical Trial Rules, 2019, a new drug shall continue to be new drug for a period of 4 years from the date of approval by the Licensing Authority /Central Licensing Authority appointed by the Central Government.

In this regard, a public notice was issued by this office on 16.03.2017 wherein the process of application was elaborated and also clarified that the period of 4 years for such FDCs is to be reckoned from the date of approval of the Prof. Kokate Committee recommendations by the Central Government in respect of the particular FDC.

It is pertinent to mention here that w.r.t. FDCs listed at **Annexure A**, the Central Government accorded its approval on 08.05.2015, 10.03.2016 & 20.09.2016 in a phase wise manner based on phased scrutiny and recommendations by Kokate Committee, w.r.t. FDCs listed at **Annexure B**, the Central Government accorded its approval on 07.09.2018 & 16.10.2019, and FDCs listed at **Annexure C**, the Central Government accorded its approval on 16.03.2020.

In view of above, you are requested to consider the period of 4 years from the date of approval as accorded by the Central Government on the prescribed dates mentioned above for the purpose of ascertaining the status of the FDC as to whether it shall be categorized as new drug or otherwise.

You are also requested to ensure that if a FDC has already crossed the period of 4 years from the date as mentioned above, any applications of such drugs submitted to you should be considered as per provisions of Drugs Rules,1945 including New Drugs and Clinical Trial Rules, 2019.

This is for your information and necessary action
